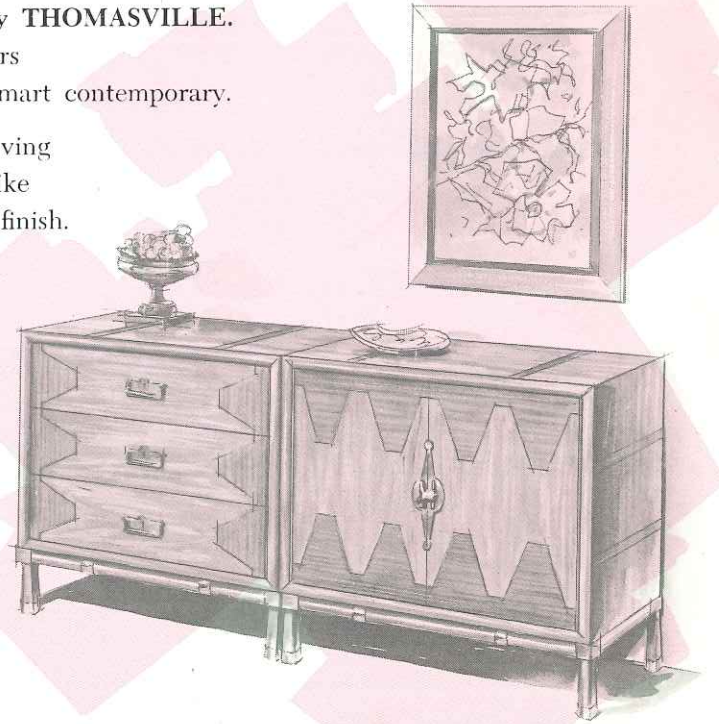
SCINTILLATING is the word for TALISMAN!

East meets West in the sparkling fresh designs of **TALISMAN* by THOMASVILLE.** From the drawing board of one of America's most noted designers has come this delightful blending of Oriental richness and ultra smart contemporary.

There are more than fifty items of bedroom, dining room and living room to enrich your home. Look closely at this furniture. You'll like the warmth and soft patina of the hand-rubbed Burnished Cherry finish. Costly inlays of Persian Olive in geometric patterns add a distinctive flair that makes each piece individually different. Drawer pulls in heavy Oriental brass are sheer elegance.

In **TALISMAN** you'll find all the engineering details and luxury features of custom made furniture, yet the price is so reasonable you will marvel that premium quality could be so inexpensive.



These low chests typify the functional aspect of the group. Use them together or separately in the living room, the study or as a server in the dining room.
